Work Experience

Junior Front-End Developer

Intusol Tech

2024 – Present

- Developed responsive front-end interfaces using React and modern web technologies.
- Collaborated with design and backend teams to build smooth user experiences.

- Contributed to UI/UX enhancements and participated in code reviews.

Software Development Intern

Farscope

2023 – 2024

- Led initial project setup, including GitHub repositories and version control workflow.
- Provided ongoing technical support for fellow interns (hardware & software setup).
- Worked on front-end features and UI design using HTML, CSS, and JavaScript.
- Assisted in UX/UI design tasks and iterative user feedback integration.
- Implemented unit tests using Jest to ensure application stability and catch regressions early.

Projects

Personal Resume Website

 farairesume.netlify.app

- Designed and deployed a personal portfolio website showcasing skills, experience, and projects.
 - Built with React and hosted on Netlify, featuring a responsive dark-mode theme.
 - Integrated a functional contact form with Netlify Forms.
-
